Description ▼

- Grinding wheel can be switched between clockwise and counter-clockwise rotation
- Extensive range of accessories makes it easier to use the right sanding technique - even for beginners
- Long-lasting sanding without loss of tool hardness due to heat build-up during the sanding process thanks to low speed and cooling water bath
- Many holding devices available for different tools
- Powerful induction motor with variable speed adjustment for quiet and low-vibration work
- Special corundum grinding stone for perfect grinding results even on hard steel over 60 HRC (tool steel)
- Removable leather honing wheel for removing burrs after sharpening
- Stripping paste for polishing the workpiece after grinding
- Angle gauge for setting the correct grinding angle
- Splash-proof motor and switch
- Variable speed adjustment
